York Region

To improve safety at Ninth Line and Bayberry Street/Baker Hill Boulevard roundabout and support **York Region's Vision Zero Traveller Safety Plan**, York Region is:

- Installing pedestrian crossings on all entrances of the roundabout including pavement markings and flashing beacons

Pedestrians must push the button to activate the flashing lights and receive the right of way. Drivers must stop for pedestrians and wait until they have fully crossed the street before proceeding.

These measures will help improve safety and traffic flow in this area.
